A UNIQUE LEARNING EXPERIENCE

"My experience at Alba broadened my outlook on life and gave me a greater understanding of business on a global spectrum. The learnings from my MBA courses culminated at ALBA and I was able to thoroughly understand my previous courses and how the classes complimented one another. I feel ready to accomplish the launching of my own company, as a result of the business plan competition, and my confidence as a business woman and entrepreneur is in an entirely new league. I am grateful to the teachers and staff and feel they are the hidden gems in the academic world." **Anika Jensdotter, Exchange Student 2009-10 University of San Diego, USA**
