Winter Term 2017/18

Albert-Ludwigs-Universität Freiburg

English Version

Rector's Greeting

Dear international students,

On behalf of the Albert-Ludwig-University Freiburg, I would like to extend a warm welcome!

We are delighted that you have chosen Freiburg for your studies. Whether you are here for a semester or will be completing your degree here, international students and exchanges are essential to our university.

I hope that you will feel comfortable in our university community – you have joined over 4,000 international students from around 126 countries who have chosen to study in Freiburg. Freiburg is a wonderful university town; in addition to its rich cultural history, the city is ideally situated at the edge of the Black Forest, and France and Switzerland are a short train ride away. We hope that in addition to the studying at the university that you take advantage of all that Freiburg and its surroundings have to offer.

This welcome guide has been designed as a resource to help you get your bearings at the University and in the city. In addition, please feel free to contact our staff at the International Office or your lecturers, if you have any further questions. We hope that you are already off to a great start; good luck with your studies!

A handwritten signature in dark ink, reading "H. J. Schiewer". The signature is written in a cursive, flowing style.

Lola Sofia Duve

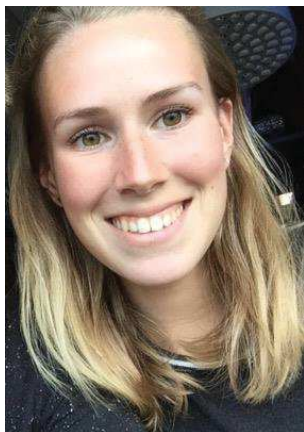

Dear international students,

My name is Lola Sofia Duve and I am glad to welcome you at the beautiful Freiburg, the sunniest city in Germany!

I have been living in Germany for 6 years and since 3 years I study at the University of Freiburg with major in China Studies and minor in Islam's Science. I came from Italy to search the roots of my German family and more important to find my own way. The city of Freiburg made me feel like home very soon. The old city, with its medieval flair, gives a feeling of cosiness to locals as well as tourists. Freiburg is able to convey its secular history and at the same instance to host an important multicultural scene populated by new citizens coming from the neighbouring countries as well as from the furthest corners of the world. Music, theatre, academic research and dance mix people together in a dynamic experience.

Our UNIKOS team will provide you the support you need during your residence in Freiburg. From the registration procedure to finding the places to be for students like you and me! So don't hesitate to contact me for any question! And Welcome to Freiburg im Breisgau!

Anouk Falloux

Hello everyone!

My name is Anouk Falloux and I am studying law in Freiburg for three years now.

But Freiburg is not the only place I feel at home. I am from Bonn, I am half-French, I worked in New Zealand for a year and I studied for a year in Spain. So I know what it means to be new in a foreign country or city.

At the beginning you are always a bit excited and full of anticipation for the upcoming experience. At the same time you feel a little lost, without contacts and overwhelmed by all the new impressions, the administrative procedures and a whole lot of documents you have to fill in, in a foreign language.

To make it easier for you to settle in, I would like to help you and show you, how to find your way in Freiburg and at the university. No matter what kind of concerns you may have: administrative support, accommodation, travel, sports, partys or other questions of your everyday life, you can always contact me!

I am sure that you will enjoy your stay in Freiburg and soon feel at home.

Julika Walter

Dear international students,

welcome to the University of Freiburg!

My name is Julika, I've lived in Freiburg since 2013 and I study law. I still enjoy living here – I love the sun and the black forest just around the corner. As a uni town, Freiburg is really lively and there is always something going on for everyone.

During my studies I lived in Chile for a year. To live in a foreign country for a while and to meet and interchange ideas with people from different countries and cultures was exciting and enriching. There are, however, also always a few questions and problems to deal with. Where do I live? How do I register? Where and how will I meet new people? What kinds of activities does the university offer? Etc.

We would like to assist you with finding answers to all of these questions. So get in contact – we are happy to help!

The volunteers from “Team International”

For students from certain countries or speakers of a particular language, contact persons are listed here, who are willing to help.

Our voluntary “team international” is made up people who for various reasons feel connected with the University of Freiburg. All of them study – or have studied – at the university and are happy to answer questions on study and life in Freiburg by email or telephone.

ADVICE & SOCIAL SERVICES

Social counselling and Insurance

Whatever the problem may be, our social counsellor will find an answer to almost any social, personal or economic query. Our social counsellor knows the fine points of the social insurance system and can for example assist in the search for a *childcare placement*. She also knows the finer points of residence visas. Information regarding accidents, liability, theft *insurance*, unemployment benefits and social assistance can also be provided. She also assists *students with disabilities* or chronic diseases. In addition, she knows contact details of other counselling services and important authority contacts.

Legal advising

A lawyer can help you with potential legal issues with a free consultation. However, advice regarding business concerns, proceedings and documents is not available. In cases where additional advice is required, students will be referred to appropriate professional. If students think that they have a legal problem, we urge them to seek advice earlier rather than later before it gets expensive.

Please note! Students must present valid student identification from a university, which is covered by SWFR in order to receive legal advice.

Psychotherapeutic advising

Students who experience personal or study related problems should not feel left alone! Many students experience difficulties during their studies. Professional advice can help solve these problems. A short conversation can often help clarify a student's path.

Psychotherapeutic counselling offered by SWFR is the right place to turn for such advice, which is given through one-on-one appointments (45 min). Students must make an appointment for one-on-one counselling or turn up during open office hours once a week.

Counselling sessions are also available in English, French, Chinese and Slovenian. All sessions remain confidential.

The Psychotherapeutic Counselling Centre offers an extensive seminar programme. Topics include "Test Anxiety", "Rhetoric", "Stress Management", "Writer's block" or "Time Management".

Medical advising for international students

A foreign culture, unfamiliar food and different climate can be hard on the stomach. The German health care system can sometimes be a challenge and finding a doctor in a new city daunting. Our aim is to direct students feeling ill to the appropriate treatment.

Who can help me?

SWFR has a French and English speaking doctor to help and guide students through this process.

General Students' Committee (AStA)

- Department for International Students

Dear International Students,
Welcome to Albert-Ludwigs-University Freiburg!

We are a group of students from different faculties and nationalities and make up the University's student council. We appreciate the diversity of our students' community and value the input coming from you! It's great to have you here!

An important part of our work is to represent the interests of all students at University of Freiburg including international students. Student council (AStA) has weekly meetings. The AStA is the executive body of student council at the University of Freiburg. The main responsibility of the AStA is to represent student interests, to organize cultural and academic events and to provide services (e.g. legal advice, etc.). Before the start of Winter Term each year we organize events in a Welcome Week, including breakfasts and city tours. You are more than welcome to participate in any of them! Detailed information on these events can be found on our website: www.stura.org

If you would like to get to know more about the student representation, get involved, support our department, or need any kind of advice, do not hesitate to write us an email or join our next meeting!

What can I use the SemesterTicket for?

Students of the University of Freiburg can use the public transport in the region for favorable conditions.

The special ticket "SemesterTicket" for the duration of the whole semester is available for 89 Euro only (winter semester: 1st October till 31st March / summer semester: 1st April till 30th September). With this ticket you can use public transport including buses, trams

and local trains in Freiburg and the surrounding region. You get the semester ticket at the Freiburg central railway station or online

📄 www.swfr.de/en/money/verguenstigungen/semesterticket

How far you can get using the semester ticket can be found on the plan of tariff zones by the Regio-Verkehrsverbund Freiburg (RVF)

📄 www.rvf.de/fahrplan-netz/liniennetzplaene

Even without the SemesterTicket, students can travel for free on buses, trams and trains with the RVF after 7 p.m.. However, this offer is not valid in the night buses.

Where can I find a place to live?

Especially just before the beginning of the semester, the room service of the international office and the Studierendenwerk is running at full steam, so not every new student is lucky enough to get a room in student accommodation straight away. The normal housing market is the next option. There are also affordable rooms and apartments available and many landlords take their offers to the International Office and the Studierendenwerk.

The International Office has a private apartments database for international students and international guests of the university, where many furnished apartments and rooms can be found.

Wohnen für Hilfe (Homeshare)

"Wohnen für Hilfe" is a program that brings students looking for a room and people looking for tenants together. In this program, instead of paying a full rent, students help in the landlords household. Landlords are mostly elderly people or young families. How much and what kind of help is required by the tenants will be written down in the tenancy agreement. Mostly this will be shopping, gardening, babysitting, walking the dog, taking the rubbish out and so on.

Invitation to a tour of administrative offices for all new international students in winter semester 2017/18

In order to simplify your start in Freiburg, SWFR offers a free bilingual tour (German / English) of the important administrative offices you may need to consult. The tour is lead by international tutors. You will get help to register your residence, to open a bank account and to acquire a health insurance from a German insurance company. The tutors will try to answer all of your questions and give you important information about student life, for example where to buy the "Semesterticket" for students for cheap public transport.

Please bring: Passport or your identity card (EU-Countries), 2 passport photos, letter of admission, confirmation of room-reservation or tenancy agreement of Studierendenwerk or landlord, students from EU: European Health Insurance Card (EHIC) or Form E 128.

Our tour will feature the following public institutions: Studierendenwerk, Residents Registration Office and Immigration Office, Bank, Public Health Insurance Company, International Office, Campus: KG I and KG II, Student Restaurant and Cafeteria. The tour ends in the student eatery Mensa Rempartstrasse with lunch (facultative).

The dates for the tours will be published on our website:
www.swfr.de/en/international/life-in-freiburg/the-first-steps

Announcement of Residency / Resident Registration

After arrival in Freiburg, you have to register your place of residence at the Bürgeramt of the City of Freiburg (or with the local administration of your place of residence, if you live outside of Freiburg). At the Bürgeramt, EU citizens also receive their residence and work permit (Freizügigkeitsbescheinigung).

Citizens of non-EU countries are required to apply for a residence permit with the City of Freiburg (or the aliens office of the Landesratamt, if they live outside of Freiburg), before the expiry of their visa. To do so, the following are required:

- passport with entry visa
- biometric passport photo
- recent confirmation of health insurance coverage
- administrative fee

Tax Identification Number

(Steuerliche Identifikationsnummer)

Every individual in Germany receives an 11digit personal identification number (steuerliche Identifikationsnummer "IdNr") to ensure unique identification within the tax system. This number is unique and is assigned to you for life. It will not change if you marry, move, or leave the country. When you register in Germany, you will receive a letter with this number automatically from the Federal Central Tax Office. **Please keep the letter!** You need your tax identification number if you would like to work in Germany.

For more information please visit:

RETURN ADDRESS Registration authority

Personal identification number:

99 999 999 999

Address

General information:

DD.MM.YYYY

**SUBJECT Allocation of an identification number in accordance with section 139b of the Fiscal Code
(Abgabenordnung, AO)**

Dear Sir or Madam,

The Federal Central Tax Office (*Bundeszentralamt für Steuern*) has allocated you an identification number. This number is for tax purposes and will remain valid throughout your lifetime. For that reason, please retain this letter even if you are currently not a taxpayer.

In all applications, declarations and communications directed to the revenue authorities concerning income tax/wages tax please always quote your identification number. For the time being, please continue to quote your tax number as well as the identification number allocated to you.

Under your identification number – on the basis of information provided by the registration authority normally responsible for your affairs – the Federal Central Tax Office has stored the following details:

01: ---

02: ---

03: ---

04: ---

05: ---

06: ---

07: ---

08: ---

09: ---

01 = Title, surname; 02 = Married name; 03 = Registered partnership name; 04 = Birth name; 05 = First names; 06 = Gender; 07 = Full address; 08 = Date and place of birth; 09 = Country of birth (this field applies in the case of birth abroad)

If you find that the details recorded are incorrect, please contact the authority identified above next to the heading RETURN ADDRESS. Normally, this will be the registration authority responsible for your affairs. Please also read carefully the explanatory notes on the reverse of this letter.

Yours faithfully,

The Federal Central Tax Office

Public Broadcasting License Fee (Rundfunkbeitrag)

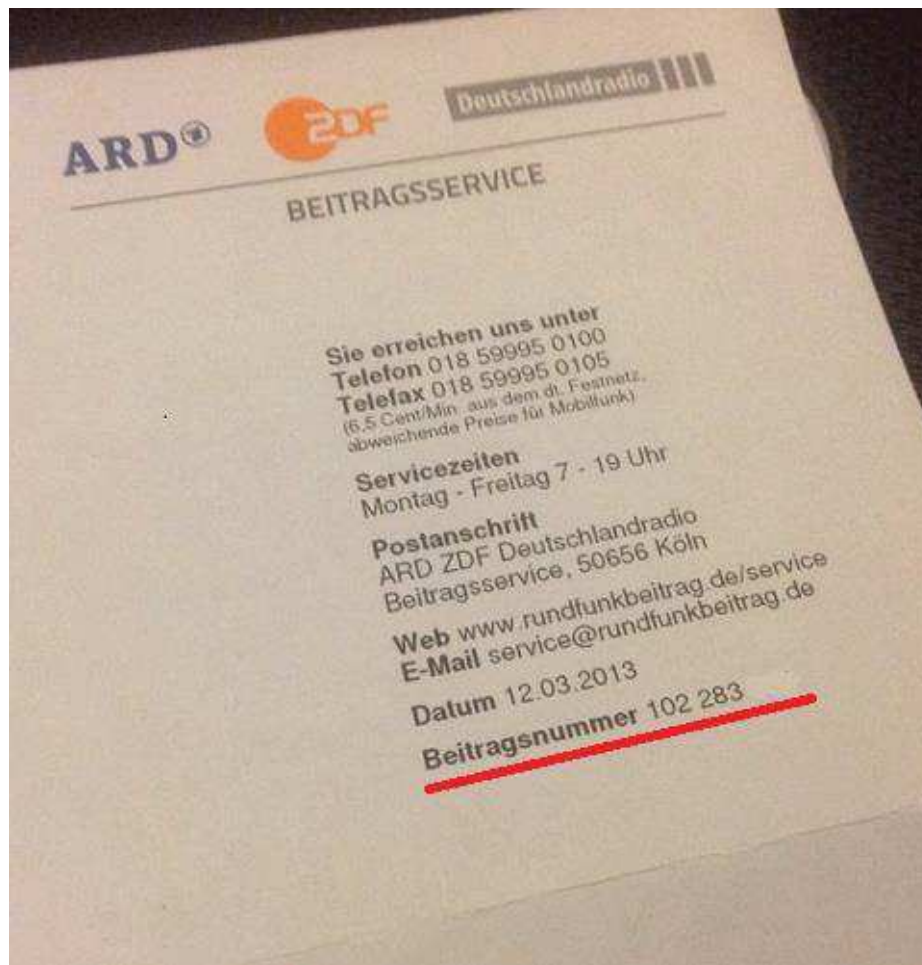

After you register your address in Germany, you will receive a letter from the Rundfunkbeitrag (Public Broadcasting License). For every apartment in Germany, a fee of 17.98 euro/month must be paid to support public broadcasting. You will be requested to pay this fee regardless of whether or not you use the programming. This fee goes toward supporting the public radio and television stations in Germany (ie ARD and ZDF) and is required by law.

The rule is every apartment/house must pay the fee, regardless of how many people are living there or how many televisions/radios/computers there are in the apartment. If one of your roommates is already paying the fee then you will not need to pay as well (although you should probably split the fee with them).

What kinds of IT services does the Computing Center offer?

The University IT Services (Rechenzentrum) will help to familiarize you with Freiburg University's IT systems, and pays special attention to new students by providing short explanations and instructions for the IT services available. All of the mentioned services are available to you as a University student, already included in your tuition fees. These services are intended exclusively for study purpose and must not be used commercially.

Throughout the duration of your studies you get in contact with various IT services that may not come from the University IT Services, including the University Library (Universitätsbibliothek) or other University institutions. Please contact the other institutions with questions regarding their services.

Departmental academic advising

One of the responsibilities of the faculties and departments is to provide subject specific academic advising. In a number of faculties, you will be advised by faculty assistants on examination regulations, subject combinations, questions on programme structure, programme or subject changes as well as second and parallel studies. In addition, the individual departments also have advisors who can inform you in particular about the working methods and conditions in the department, and also on the formulation of your semester timetable and preparation for exams.

Saturday, January 20, 2018, 9:30 a.m. - 4:30 p.m.

Relevance

What kind of challenges would I confront during my study with a foreign language and how can I handle them positively? How am I supposed to get approached to my German lecturers? What is “typical German” and what values the German scholars at most? Intercultural competence is one of the many key skills for your confrontation with people from different cultures. The more we know about the functions of “culture”, the better we will under-

stand and get ready for the intercultural communication process, which helps us to develop effective solutions for the conflicts which may arise from the cultural differences.

Contents

The following topics will be discussed:

- the definition, models and theoretical basics of culture
- the meaning of cultural impact on human behavior
- stereotypes in intercultural communication
- analysis and development of communication strategies in intercultural contact- as well as conflict-situations

Learning Objectives

The students would be able to identify cultural and linguistic specialties of their own lands and of foreign lands. Through the course, they could also specify cultural differences and commonalities, as well as make themselves more aware of their personal experiences and competence when confronted with various cultures. Moreover, they would also acquire strategies prepared for their communication and operation in the intercultural context of their everyday studying and working life.

Assessment

Active participation in all sessions of the course, reading and homework between the sessions, presentation in the second session, a term paper (to be handed over on 19 February 2018)

Prerequisites for Attending

This course is only for international (Bachelor) students who are now starting their studies in Freiburg. Participants are required to have a German language level of at least A2.

Remarks

Law students **cannot** acquire certificate for this course.

Relevance

International students usually find themselves confronted with many problems when writing an academic work: they have to write in a language which is not their mother tongue; they must work on the text types which they haven't learnt in their home universities; they will also need to orient themselves on a new academic standard which is often higher than that acquired back at the home universities.

Contents

In this course, the students will work on the principles of academic writing in a context of German language. This means, they will become acquainted with the most important text types, and deal with such topics as writing procedure, literature research, text summary, excerption, working with and quotation of resources related to their fields of studies, writing practices, idiomatic usage of an academic expression as well as the revision of texts. This course put its emphasis on the structural and lingual requirements of texts in the Bachelor studies and those of term papers.

Learning Objectives

The students would be able to put the writing principles in practice in their own papers. They could also differentiate various important text types confronted during their studies, as well as use them correctly if needed.

Does the university offer any other special courses for international students?

Assessment

Active participation in all sessions of the course, writing one's own texts as well as revising texts from others, handing over the work sheet for the self learning period on time, final exam

Prerequisites for Attending

Participants are required to have German language knowledge. This course is not a language course, and it also does not provide any proofreading service for papers already written.

Remarks

Law students and exchange students **cannot** earn any ECTS credits.

Module: 3168 Intercultural Training for Incoming Students – Living and Studying in Germany

Lecturer: Susanne Obert, Postgraduate Translator & Intercultural Trainer and Consultant
Maximum number of participants: 20

Zentrum für
Schlüsselqualifikationen

Dates

Friday, November 3, 2017, 1:30 p.m. - 6:30 p.m.

Saturday, November 4, 2017, 10 a.m. - 5 p.m.

Relevance

Going abroad and studying in a foreign country brings with it quite a number of new challenges. Questions might arise, such as 'How does studying in Germany differ from studying in my home country?' or 'What is expected from me at uni, in my shared apartment, or at work?' Or more personal questions like 'How can I make friends and how can I deal with ambiguity and problems?' This training aims to support international students with these and many other issues to make their time in Freiburg more enjoyable and successful.

Moreover, also in work life, the demand for intercultural competence increases and is one of the required key competences for many professions.

Content

- Preparation of your stay and studies in Germany
- What is intercultural competence and how can we adapt this skill across different cultures?
- Theoretical and practical examination of the term culture, cultural dimensions and types, values, stereotypes, Do's and Don'ts and culture shocks
- Intercultural communication in everyday life, at university and at work
- Studying, learning and teaching in different cultures
- The German educational system and its requirements
- German peculiarities

Learning Objectives

Does the university offer any other special courses for international students?

The participants are aware of their own values, norms and cultural identity and of potential differences to others. They enhance their capability for empathy and capacity for reflection, and know what to take into account when it comes to verbal and non-verbal communication. Thus, they are able to perform appropriately in cross-cultural settings and know how to avoid misunderstandings in everyday life, at university and at work.

Assessment

Certificate of attendance, which can be used for future applications: Short task prior to the course (by e-mail), regular attendance and participation in the entire course.

Up to five full-time, degree-seeking students can earn 3 ECTS credits by additionally giving a presentation, writing a term paper (about 8 pages, deadline on November 24, 2017) and attending a follow-up meeting on December 15, 2017.

Prerequisites for Attending

This course is addressed to international exchange students and up to 5 international, degree-seeking full-time students. The language of instruction is German, minimum level A2/B1.

Remarks

Law students and exchange students cannot earn any ECTS credits.

Experiment e.V. – The Experiment in international living

Living together. Learning together

Experiment e.V., seit 1952 eingetragen, ist eine gemeinnützige Organisation mit Sitz in Bonn, die sich den Austausch zwischen Menschen aller Kulturen, Religionen und Altersgruppen zum Ziel gesetzt hat. Unter dem Motto "Miteinander leben. Voneinander lernen." vermitteln wir als deutsches Büro der weltweit ältesten Austauschorganisation "The Experiment in International Living" interkulturelle Begegnungen. Unserer Idee verpflichtet, bieten wir für die Vielfalt unserer Teilnehmer vielschichtige Erfahrungen, bei denen das Kennenlernen einer anderen Kultur im Mittelpunkt steht. Gegenseitiges Verständnis auch über kulturelle Grenzen hinweg zu entwickeln, begreifen wir als zentralen Teil eines lebenslangen Lernprozesses.

As a non-profit organization we are cost-conscious and are primarily supported by over 600 volunteers. Any financial surpluses go primarily toward scholarship programs to enable exchange regardless of financial status.

International Students in Germany:

Are you a student at a German university or college? Would you like to discover a completely different side of Germany by staying for two weeks with a host family? Then you might be interested in our homestay program for international students. We offer two-week homestays during the semester breaks and during the Easter and Christmas holidays.

Does the university offer any other special courses for international students?

Homestay for refugees that study in Germany:

If you are a refugee and study at a German university you can apply for our special homestay program during the summer months.

Location of the homestay:

The host family placement will be outside of your university city. We cannot consider regional preferences.

Dates:

Between December 21, 2017 and January 06, 2018, 10 to 14 days

Between February 10 and April 8, 2018, 10 to 14 days

Between June 30 and October 20, 2018, 10 to 14 days

Program Fee:

The program fee is 40 Euros. You also have to come up with your personal expenses during the two weeks. All other costs including the transportation to the host family will be paid by Experiment e.V. with the support of the Ministry of Foreign Affairs.

Application:

The application deadline is eight weeks prior to the start of the homestay.

The application form can be downloaded at:

Are cross-border studies possible in Freiburg?

Studying in three countries with Eucor – The European Campus

Do you want to have an international education, think outside the box and study in France and Switzerland? Within a radius of only 200 kilometers from the University of Freiburg, you can take advantage of all that the European Confederation of Universities in the Upper Rhine, Eucor – The European Campus has to offer. You have the chance to take free classes in all five Eucor universities that are easily integrated into your course of study.

Along with the University of Freiburg, the following four additional universities in Germany, France and Switzerland are members of the confederation:

- University of Basel
- Université de Haute Alsace, Mulhouse
- Karlsruhe Institute of Technology
- Université de Strasbourg

Are cross-border studies possible in Freiburg?

When you are enrolled in any one of the five Eucor universities, you enjoy all the same rights of use and perks the other students have there too, including taking classes without having to pay extra tuition fees. You receive ECTS credits at the University of Freiburg for the courses you take elsewhere too. In addition, the European Campus regularly offers seminars for undergraduate, graduate and doctoral students on intercultural topics such as how to apply for jobs, internships and other opportunities in an intercultural context.

Interested? Now is the time to plan your three-country education at the European Campus!

For further information, visit the Websites for the University of Freiburg and Eucor – The European Campus:

- 📄 www.studium.uni-freiburg.de/studienbewerbung/austausch/eucor
- 📄 www.eucor-uni.org

What do I need to observe during my studies?

Semester registration

Students who are already enrolled at the University of Freiburg and wish to continue studying have to renew their enrollment by transferring the social and administrative fee as well as the tuition fees. Payment is made by bank transfer. The required information will be taken from the information form "Actung Rückmeldung". It is also possible to complete the renewal of enrolment online with direct debit. Further information is available from:

 www.studium.uni-freiburg.de/studium-en/rueckmeldung-en

Deadline for Renewal of Enrolment

For the summer term: 15th January to 15th February

For the winter term: 1st June to 15th August

Changing fields

Applications for changing course of study and/or applications for the extension of short-term studies (i.e. without graduation) need to be done within the mentioned deadline for the renewal of enrolment (see deadline „Semester registration“). This does not apply to restricted fields of study.

To do so, please come with your study book to the Student Service Center, International Admissions and Services (IAS), Sedanstr. 6, first floor, room 01 020.

According to § 60 Abs. 2 Nr. 5 of the Landeshochschulgesetzes, every applicant who wants to change her/his course of study in the third semester

or later, has to bring written proof of course counseling on the desired field of study. Course counseling is a responsibility of the faculty.

If the desired course of study is one for which there are admission restrictions, the regular application procedure with the corresponding deadlines must be observed. At the same time, the renewal of enrolment (see deadline „Semester registration“) for the course of study undertaken to that point is to be carried out.

After a (new) letter of admission is issued, an entry for the changed course of study must be made in the study book by the IAS, though the above mentioned requirement for course counseling in the event of a change to course of study in the third semester or later, is to be observed.

A change of subject or new enrollment has to be completed by 31.3 at the latest for the summer semester and 30.9 for the winter semester.

Please observe the posters with indications on renewal of enrolment.

Leaves of absence

Students who would like to take a leave of absence can do so within the deadline for renewal of enrolment. Leave is generally only possible for two semesters and can only take place due to specific reasons (for example, studies at a foreign university, sickness, etc).

Students taking a leave of absence stay enrolled and have to pay semester fees (at the moment 60,- €) and the student contribution in the amount of 56,- €. The 19,- € basic fee for the „SemesterTicket“ are not demanded (you can't get a SemesterTicket in this time).

Your health insurance cover remains valid. Leave is generally not counted as subject-related semesters but as university semesters.

Specifics concerning enrolment, changing course of study, etc are governed by the „Zulassungs- und Immatrikulationsordnung“ of the University of Freiburg.

Appointments and special indications for the respective semester will be made known through postings or can be read at:

📄 www.studium.uni-freiburg.de/studium-en/beurlaubung-en

Renewing your residency permit

Please observe that the residence permits which you are issued are usually temporary. For this reason please apply for the extension of your residence permit with sufficient time to spare. If the deadline is not abided by, there is a risk that the Aliens Office will have to make a report to the public prosecutor.

The extension of the residence permit is made by the Immigration Office of the City of Freiburg, Berliner Allee 1, 79114 Freiburg, provided you live in Freiburg. If you live outside of Freiburg, the Landratsamt of the respective district is responsible. A fee is charged for the extension. Certification of enrolment (Studienbescheinigung) from the university is to be provided.

International Groups

AFS (American Field Service) Komitee Freiburg e.V.

The AFS Komitee Freiburg e.V. is part of the American Field Service. AFS has its origins in the American medical services during the World War II. It is a worldwide organization for youth exchange, volunteer service, and intercultural learning. In Germany, it is a non-profit organization that is primarily supported by the dedication of over 3000 volunteers. The AFS Freiburg members are volunteers, too; many participated in the student exchange program or voluntary civil service and are now locally involved in one of the AFS programs. Would you be interested in joining us?

Our Goals:

- to provide support for international students
- to provide training in intercultural theory
- to facilitate communication and contact between international and German students.
- to help new students integrate into the AFS community.

Everyone is welcome to simply come by and see firsthand what AFS is about. There are opportunities to help with our school exchange, and in addition to regular meetings we organize other activities for students. If you're new here in Freiburg, we are here to help you with any problems, or to provide assistance during your exchange in Freiburg.

If you're interested in finding out more, simply come to one of our events. Check out our homepage for upcoming events!

We look forward to meeting you! ☺

Arabisch-Deutscher Kulturverein e.V. Freiburg

Freiburg Arab-German Cultural Association

The Arab-German Cultural Association is a forum for Arabs and Germans who are interested in Arab culture. We organize cultural, artistic, and social programs and projects in order to bring Arabs and Germans in Freiburg and the region together and promote direct exchange between them. The important thing about our activities is not just the outcome, but also the cooperation itself.

Our goals

- to encourage and intensify contact and exchange between Arabs and Germans.
- to present the great diversity of Arab culture in Germany.
- to bring Arabs and Germans together to cooperate on cultural, artistic, and social programs.

Our little club was founded in 2016 by eight Bulgarian students in Freiburg who wanted to give other Bulgarians in the university (and not only) the chance to get to know each other, exchange information, help each other and have good time together. Our goals are not only to help the new ones find their way in the new environment, but also to promote the Bulgarian culture and customs among the Germans and the other foreigners. In order to do that we organize different events and workshops like:

- Introduction and guidance for the freshmen
- Bulgarian national dances course
- Movie nights
- Trekking
- Parties

Protestant Student Congregation (ESG)

ESG is member of WSCF (world Christian student federation)

WHERE AND WHO WE ARE

Students of the university and of all colleges meet in the middle of the Wiehre, right next to the Christus Church, in a beautiful old house with flair and garden for celebrations, talk together and eat spaghetti; to help each other in the "testing stress" or "lovesickness" and to exchange ideas about how to change inner and outer worlds.

Evangelical, also ecumenical and interreligious.

Every wednesday (during the semester) at 6 p.m. our social meeting – home evening takes places. We meet regularly in the ESG to eat, to celebrate devotions, for discussions and much more (see homepage).

Maybe you already have a few questions you'd like to ask? Then just stop by at the ESG and say hello. We are looking forward to meet you! See you soon!

Freiburger Nepalesische Gemeinschaft (FNA)

Freiburger Nepalese Association e. V. (FNA)

The Freiburger Nepalese Association / Freiburger Nepalesische Gemeinschaft (FNA) was established in 2010 by the Nepalese students, families and residents living in Freiburg. Everyone can become a member. Anyone who is interested in our work is very welcome to join our association.

Objectives of our association are:

- To promote education in rural areas of Nepal.
- To build up a Nepalese community in Freiburg.
- To award scholarships for the promotion of education in Nepal by funding children, who are strongly motivated to study but are unable to afford their education.
- To promote Nepalese culture in Freiburg by performing various cultural activities, screening documentary films etc.
- To build up a Nepalese community in Freiburg.
- To guide new Nepalese students at the University of Freiburg and to counsel visitors travelling Nepal.

Although FNA is still in its infancy, FNA members are working very hard to achieve the association's objectives. The members are voluntarily providing monthly contributions. Along with the members, we have generous support from many Nepalese and foreign well-wishers working in different fields. We also assure that all the financial contributions made to this noble cause will be spend in the area (educational) which fulfils our objective. So far, following activities have been successfully performed:

- Together with Himalaya Hilfe e.V. we are collecting donations to renovate and rebuild some of our partner schools that are affected by the recent earthquake.

- 28 Nepalese children from rural Nepal are being provided with FNA scholarships. In 2014, 18 students in Nepal were supported for their school education. We have planned to support more students from the academic year 2015.
- The Rotary Club of Delft, the Netherlands provided support that worth 10 new scholarship.
- Cooperation with Himalaya Hilfe Freiburg e.V. in the new project entitled 'Solar lighting systems for 100 schools in rural Nepal' is currently in its first phase. The project aims to install photovoltaic systems in schools that are not connected to the local/national electricity grid. The electricity generated by the PV systems is the lifeline for the schools in order to start computer courses for the pupils studying there. Moreover, the project also aims to introduce and increase social acceptance of solar lighting systems in the rural areas of Nepal, to reduce exposure of children to toxic petroleum lights, and to provide extended hours of study time in the evening. In the first phase of the project, PV systems are currently being installed in 14 schools that are located in rural parts of Nepal. This first phase of the project has already been successfully completed. With this success, we are planning to support more schools for installations of PV systems.
- Interested people from the Melanchthongemeinde Freiburg-Haslach were informed about Nepal through presentations in October 2013.
- 'Nepalese Food Festival' was successfully organized at Stusie Bar, Sundgaullee in 2012 and 2013.
- 'Komm mit Nach Nepal' was successfully organized at Mensabar, Rempartstr in 2011 and 2012.
- An old age home 'AamakoGhar' located in Nepal was provided with some funds for its restoration.
- The indigenous 'Chepang' children in Nepal were supported financially to buy school uniforms.
- One of the volunteers from Germany willing to travel Nepal for the purpose of tourism and providing the computer skill to the school children in villages, learned Nepali language from the FNA members.
- FNA members are helping interested foreigners to learn Nepalese language.

Where can I meet other international and German students?

- Together with Kulturverein Kappel e. V., a benefit concert “NAMASTE NEPAL-नमस्ते नेपाल” was successfully organized at Kappel on 29th June 2016.
- From 2017, FNA will provide the scholarship to 15 new students in Nepal.

FNA cordially welcomes everyone for their participation in fulfilling the above objectives. For further queries, please feel free to contact us. Together we can work for a good cause.

Gemeinschaft für studentischen Austausch in Mittel- und Osteuropa e.V.

Union for Student Exchange in Central and Eastern Europe (GFPS e.V.)

GFPS is a student organization which is represented in almost all German university towns. Together with our partner associations in Poland (GFPS-Polska) and in the Czech Republic (GFPS-CZ) as well as

**Gemeinschaft
für studentischen
Austausch in
Mittel- und
Osteuropa e.V.**

the Central and Eastern Europe Initiative (InMOE), we organize various projects enabling young people from the three above-mentioned countries and Belarus to make contact with each other and discuss cultural and sociopolitical topics. Current projects include a German-Polish tandem language course, so called "city days", the "Quadrat" with workshops, and many other events. In addition, GFPS awards semester-long scholarships for Polish, Czech, and Belarusian students, and in return partner associations welcome students from Germany for studies abroad. The activities are sponsored in part by the Foundation for German-Polish Cooperation, the German-Czech Future Fund, the Remembrance and Future Fund, and the Ebelin and Gerd Bucerius ZEIT Foundation. The organization operates under the auspices of Dr. Gesine Schwan.

The Freiburg section sponsors one scholarship recipient from Poland, the Czech Republic, or Belarus each semester. After holding a series of lectures and organizing a three-part film series along with the AKA film club in winter semester 2010/11, we established small discussion and seminar groups in summer 2011 to discuss topics from our partner countries. During sociable events such as cooking evenings we also create a platform to get in contact with people from or interested in Poland, the Czech Republic or Belarus. All, who are interested, are welcome to participate and contribute their ideas to the group.

Anyone interested in supervising an exchange student or just dropping by to take part in our activities is welcome to do so.

HAIK – Deutsch-Armenischer Studentenclub

HAIK – German-Armenian Students Club

We are glad to announce that the German-Armenian Students Club HAIK (Deutsch-Armenischer Studentenclub HAIK) is active in Freiburg.

HAIK – Freiburg (Հայկ – ֆրայբուրգ) gives the opportunity for young Armenians enrolled at Freiburg universities to come into contact with other Diaspora students. Our student club provides a beneficial platform of communication among Armenian students, where previous and new students share their experiences together.

The German-Armenian Student Club HAIK is the mean of cooperation between the Armenian students and other students interested in knowing about the Armenians (culture/history/literature). Haik students are motivated to promote their own culture and have the desire to grasp more of the German culture.

For all the students who are interested in our club, don't hesitate to contact us.

Where can I meet other international and German students?

Hochschul-SMD Freiburg (Studentenmission in Deutschland)

Hochschul-SMD Freiburg (Student Mission in Germany)

hochschul_smd_freiburg

Currently, we are about 40 students from various fields of study and different denominations who study at the University of Freiburg, the EH, the KH, the University of Education (PH), and the University of Music. What we have in common is our faith in Jesus. He is in the middle of our lives- leading us on our everyday and inspiring our thoughts. We believe that being a Christian is not a tradition, fiction, ideology nor self-deception, but rather: "Thinking - Believing - Experiencing."

You are invited to our group meetings at Löwenstrasse 1 in the rooms of the Salvation Army (Heilsarmee), in the "Bermudadreieck." We meet on Thursdays every other week at 7pm for dinner, and at 8pm the program starts. So come just as you are, with your doubts, questions or with many years of Christian-based faith. There will be food, music and an interesting, challenging topic at every meeting.

If you are interested or have any questions, feel free to e-mail us or just come join us!

IAESTE LC (Lokalkomitee) Freiburg

IAESTE LC (Local Committee) Freiburg

IAESTE Germany provides internships since 1948 for students of natural and technical sciences, agriculture and forestry. The work is based mainly on students volunteering all around the country in local committees. Freiburg has more than 90 sister committees. The program is supported by the DAAD (German Academic Exchange Service).

Our tasks are to bring some of the more than 1000 yearly exchanged internships to Freiburg, support German students on their way abroad and help incoming students to have a good start. Every year during the summer reception month there is a vital exchange between nationalities, e. g. with the International Dinner, on weekend trips or simply during some bike riding lessons.

This is why you want to get involved with IAESTE Freiburg:

- Meet interesting people from around the world!
- Do an international internship yourself!
- Develop your organizational talent!
- Get to know and understand other cultures!
- Be creative, organize something on your own initiative!

IFSA LC (Lokalkomitee) Freiburg

IFSA LC (Local Committee) Freiburg

The IFSA (International Forestry Students Association; www.ifsa.net) is a globally active, non-government, non-religious, non-profit association of forestry students. Internationally, there are about 3000 students active in about 85 local committees. Our IFSA LC Freiburg is one of those.

International
**FORESTRY
STUDENTS'
ASSOCIATION**

The IFSA as official association is administrated from our official office at the University of Freiburg in the Herderbau. Our organization provides different opportunities, such as:

- Dispatching students to the climate summit, conference of biodiversity or other conferences
- Dispatching students to International Students' meetings all over the world (of IFSA and/or others)
- Close cooperation with our partners (such as FAO, IUFRO, EFI etc)
- Platform for exchanging and gaining knowledge for students and many excursions and other events

For getting in contact with us, just visit one of our weekly meetings (Tuesdays, 6pm in the Herderbau; Faculty building). We are looking forward to meet you!

Internationale Christengemeinde Freiburg e.V.

Christian Family International Church

We are an international Christian church. Our official languages are English and German, but we also speak many other languages: from Polish to Arabic, depending on where the people come from. Our pastor is from Ghana. In our church services, we experience God's word and the joy he gives to us. Our music consists of afro-gospels as well as modern English and German praise&worship songs. We also pray for the sick when there is need.

On the **first Sunday of the month** we celebrate Holy Communion. On the **last Sunday of the month** we have an international lunch together after the service. Our congregation offers a warm and friendly family atmosphere.

Every Saturday at 6 p.m. the Youth and the students meet, to celebrate a service, which is attractive for young people!

Kamerunische Gemeinschaft in Freiburg und Umgebung (KAVF) e.V.

Cameroonian Association Freiburg and Surroundings (CAAF) e.V.

Association des Camerounais de Fribourg et environs (ACAF) e.V.

We are a non-governmental organization created in 2004 by Cameroonians with the aim of uplifting the Cameroonian culture as well as to facilitate an intercultural exchange between Germany and Cameroon. Despite our independent status we gladly accept grants from the University of Freiburg. As Cameroonian association, we represent pro-Cameroonian viewpoints and interests. Our goal is to work together with other associations and institutions, such as the International Office and the General Student Committee of the University of Freiburg, in order to help Cameroonian students adjust to student life in Freiburg.

A further goal is to provide a forum for interaction between Cameroonians and Germans as well as to give firsthand experience of the diverse culture of Cameroon. We thus organize academic and cultural lectures on current topics and a wide range of events and projects, including football games, excursions, exhibitions with Cameroonian art, cultural evenings, etc.

Interested?

We meet once a month (penultimate Saturday of the Month), usually at IBZ in Sundgaullee 60, Freiburg.

Katholische Afrikanische Gemeinde (KAG)

Catholic African Church Group (KAG)

Who are we?

A dynamic group of young African and German students, Africans from the diaspora, mostly from West Africa, and friends of Africa from around the world.

Katholische
Afrikanische
Gemeinde Freiburg

What do we do?

- African Mass
- (a taste of Africa in Germany)
- spend time together, exchange experiences, and praise the Lord together
- African choir
- days of reflection and excursions

Where do we meet?

Every last Saturday of the month at 8 p.m. we celebrate in French, German, and English at St. Albert-Bischofslinde, Sundgaullee 9. (take tram line 1 toward "Landwasser"; get off at "Am Bischofskreuz")

Our African choir "Les Mulilos" provides musical accompaniment at the Masses, embellishing them with song and lively rhythms. Afterwards, we all eat together (usually African cuisine)!

No matter what your nationality, religion, or age is, you're welcome to join us! Let us come together and praise The Lord!!!

Our choir practices each Friday at 7:15 p.m. at the Catholic University Church (KHG), small hall, Lorettostraße 24. Anyone who enjoys singing is invited to join!

Klimaschutz+ Studenteninitiative Freiburg

Students' Initiative Climate Protection+ Freiburg

We are part of the bigger German organisation "Klimaschutz+ e.V." - or "K+" in short - which promotes the three goals

- climate protection
- global poverty reduction
- international peacekeeping and disarmament.

Therefore, active climate protection by investments in renewable energies such as solar plants is tied to commitment to the UN Millenium Goals and international non-profit projects. Thus the "Klimaschutz+" foundation already connected four solar plants to the grid and supported numerous international non-profit projects with the plants' yield.

In Freiburg, we support the three goals by collecting money through bake sales, flea markets, parties and the like. Besides we also want to bring climate change, sustainability and energy efficiency to public debate and organize lectures, movie nights and field trips on these topics. The money we raise during all our activities is donated to the "Initiative Schlüsselmensch e.V." which brings together a mentor (often students) and a teen/child living in Freiburg as a refugee.

More information about the initiative here: initiative-schluesselmensch.org

We also seek to create a platform for international discussion and exchange of know-how on climate protection, since climate protection doesn't stop at borders. How does your home country protect the climate? Which additional actions are necessary across borders? Come talk with us about it and let's learn together how climate protection is done in Germany in general and in our lovely region in particular!

Where can I meet other international and German students?

We want to educate ourselves, discuss and network concerning the topics energy transition and climate protection and have a lot of fun during our meetings. "Once the job has been done" and after lively discussion we often go to a pub or party together.

During lecture period, we meet every first Wednesday a month at 8 pm at the Herderbau's "FörsterCafé" (Tennenbacher Str. 4, first floor). Further information on the group's meetings and activities are announced via mailing list or Facebook. Just send a mail to kplusfreiburg@posteo.de and you won't miss any K+ news.

Kodomokai - Japanischer Freundeskreis Freiburg e.V.

Kodomokai - Japanese Circle of Friends Freiburg e.V.

Our association welcomes everybody interested in the Japanese language and culture. Everybody is invited to participate in our activities and we also gladly help particularly Japanese international students to orientate themselves living in Germany. Therefore we organize through the year many events and hold activities regularly:

- **Cultural activities:**

Twice a month, usually on the 2nd and 4th Saturday, we arrange as many Japan related activities as possible; Like New Year's celebration, storytelling, traditional cards games or plays, summer festival, BBQ party, sports festival, Japanese food cooking and eat, orienteering in the park, calligraphy, tea ceremony, Ikebana or Christmas party.

- **Japanese school:**

Once a week we provide especially children courses with original Japanese textbooks. These age specific classes require native speaker competence, but we also organize introduction groups for others interested in basic Japanese language.

- **Choir:**

We practice and sing Japanese songs once a week and sometimes perform on events.

- **Japanese Taiko:**

We practice Japanese Taiko (drums) together with a group from Akai-shi-Daiko.

Moreover we are cooperating with other groups to do some activities. For example the Japan Day, which is for the charity of the 2011 Tōhoku earthquake, settled by VHS Freiburg in March. We organize and help in many parts of this event.

Where can I meet other international and German students?

We regularly meet at the Internationalen Begegnungszentrum (IBZ), Sundgaullee 60. Feel free to contact us for any questions:

Koreanisch-Deutsche Evangelische Gemeinde

Korean-German Protestant Congregation

Every Sunday we celebrate a Korean-German Protestant service in the Methodist church, Katharinenstr. 9, at 1 p.m. Afterwards we organize a Korean meal together.

This event is a great chance, especially for students, to contact other Koreans but also Germans. As the service is in Korean and German, students from Korea can improve their German. Germans of course can learn Korean.

In addition we offer a German Bible class every Friday at 6 p.m. by Minister Gall at the Schonauerweg 3.

Lacrosse

Fastest Team Sport on Two Feet

The Native people of Northeast America are credited for the invention of the game of lacrosse hundreds of years ago. Being called “Baggataway” (Little Brother of the War) described the fast-paced game. Today lacrosse is one of the fastest growing sports around the world even being played in Freiburg, far away from its geographical origins.

One can imagine modern lacrosse as a mixture of hockey, handball and even tennis. In a unique way lacrosse combines team spirit, agility and fitness which results in a game with great dynamics.

You catch and throw the ball with your stick and shoot it into the opponent's goal to score. Twelve women or ten men are split up into goalie, defense, midfield and attack try to only use their sticks to succeed. While women generally play without body contact, men (like in hockey) are fully protected to get in on the action. However, don't be afraid of that “tough” image. Enjoying exercise and team sports in general are the key to easily getting into a new kind of sport. Official league games as well as several tournaments allow players to engage in lacrosse year round.

Curious? – join the “Pumas Family”

We are very happy to welcome new players of all levels in our practice sessions! Practice (for boys and girls) takes place with our club PTSV Jahn Freiburg every Monday and Wednesday from 8-10pm.

Luxemburger Studierendenverein Freiburg (SLUF)

Freiburg Luxembourg Student Organization (SLUF)

SLUF (Studente vu Lëtzebuerg op der Uni Freiburg) is the student association of Luxembourgish students at the University of Freiburg and is currently approximately 65 members strong. It is one of over 30 Luxembourgish student associations in Europe. In 2017 we celebrated the 30-year anniversary of its founding.

The goal of the association is to bring Luxembourgish students together, to have a good time together, and to make friends by way of occasional meetings and activities. But the most important reason for getting together is for older students to share their experiences with beginning students. Some of the important tips and tricks, which guarantee a good start here in Freiburg are to be found on our website (www.sluf.lu). Just as well we've got a forum to arrange rides to and from Freiburg on Facebook-page.

In summer we organize barbecues on the lake, dinner on Luxembourg's national holiday, a sport day and excursions to destinations in the region. We also take part in various tournaments. A particularly important event is the Tournoi de Noël in Luxembourg.

We are also engaged in student advising. Once a year, we welcome high school students from Luxembourg, introduce them to the city, the university, and student life, and provide them information about their potential course of study. In addition, we represent the University of Freiburg and the Freiburg College of Education at the trade fair 'Foire de l'étudiant' in Luxembourg and inform visitors as to the courses of study offered in Freiburg.

During the term we meet every free Tuesday for drinks. The time and place of the next meeting is always on our homepage www.sluf.lu. The homep-

Populäre-Philosophie-Association e.V. Freiburg (PPV)

Everyone has the demand on thinking about the life experience, but it is always forgotten. Thinking helps one organise his life better, on the other hand, it happens only when the foundation of thinking, namely the historical and individual life situation together considered in thinking.

Hence, the idea of popular philosophy comes in appearance, which is against the current figure of philosophy as an academic discipline. The goal of the popular philosophy is, calling for dialogue between people who are willing to think about our presence.

Goals of our Club are:

- To care of international students, who are interested in the idea of popular philosophy
- To integrate new students into the club life by public discussion
- To enable the exchanges of views between international and German students
- To exercise popular philosophical knowledge and practices

Welcome to our popular philosophical world!

Regional Chapter

– Scholarship holders of the Baden-Württemberg Foundation

At present there are 24 Regional Chapter (RC) groups worldwide, consisting of students who currently/formerly receive(d) the Baden-Württemberg scholarship, and being voluntarily organized by some of them.

The assignment of the scholarship itself is based on the principle of exchange. That means that the number of students from Baden-Württemberg going abroad is the same as the one, being from abroad and coming to Baden-Württemberg. This reflects the idea of the foundation to support students regardless of their origin and to bring them together.

Therefore, at the RC Freiburg events you will have the chance to get in touch with a lot of different people from all over the world. Maybe there is also a RC group in your hometown, and before leaving for your guest university, you can exchange information with someone from there. Or you meet someone in the RC Freiburg group, who used to be or who will be an exchange student at your home university and you will be able to give him/her some helpful advice.

From October/November 2017 onwards various events are planned for the winter semester, no matter whether is just coming together for chatting, attending talks and workshops about topics such as sustainability, or taking part in cultural events in Freiburg. Even prior to that you can contact

throws at you. True friends? Honest questions? A desire for a fulfilling,
exciting life? All that you can find here. And more.

Studenten für Christus
FREIBURG

Honest questions beg honest, solid answers, whether they concern us on a personal, cultural, or theological level. Not to forget our studies. Our emphasis is to live in reliable relationships that encourage us and challenge us towards growth. We like thinking deeply and acting decidedly. So much is possible, so let's stop the bla bla and get to the real issues.

Everyone is welcome – yes, that includes you! –, independent of your personal religious or ethical convictions. We are interdenominational and seek good, friendly relationships with other like-minded student groups.

We meet regularly in students' apartments, but also spontaneously for drinks, to play games and to watch movies ... This provides the perfect opportunity to get to know each other and start long lasting relationships!

Meeting point: flexible - shoot us an email! Times are every Tuesday during semester 7:30 p.m.-9 p.m.

Tandems

Are you looking for a tandem-partner to practice a foreign language or to spend some free time together? The Tandem-Program of the International Club Freiburg has been extremely successful: Around 1200 German and foreign students yearly are assisted in finding a tandem partner, with the aim of practicing languages and establishing contact between international and German students, assisting with their studies or just to get to know each others culture a little better.

Are you interested?

Then you should register online:

Where can I meet other international and German students?

Families for International Friendship

International students who don't only want to experience student life and the university, but are also interested in getting to know the normal everyday life of a German family, can register for the programme „Families for International Friendship“. Families from Freiburg offer students from abroad the chance to do just this, without any ongoing obligation and with no strings attached for the “partners”.

How can I spend my free time?

International Club for Students

In cooperation with Freiburg's tertiary institutions, SWFR and the International Office of the University of Freiburg founded the International Club – a forum for students from all around the world who are interested in international exchange. The club is intended for people who are interested in other cultures, and keen to bring their own ideas and be involved in

events. During the semester, the club organises regular club nights on Thursday evenings in the MensaBar (Rempartstraße) – all are welcome!

Becoming a member of the International Club is easy. Membership IDs for the club are available at the Infoladen at SWFR, at the ServicePoints in the mensas and in the MensaBar at events of the International Club. It costs 2 Euros each semester. Club members have free entrance to the club nights and also receive discounts for various offers, for instance many student trips ("Studitours").

Studitours

Experience European metropolises like Paris, take a trip to northern Italy to visit Milan, a daytrip to Zürich, Heidelberg, Strasbourg or to the biggest waterfall in central Europe. Or go hiking in the Black Forest – and do all these things with students from all around the world. With „Studitours“, all

Studium Generale

With a wide range of lectures, workshops, and courses, the Studium Generale program gives you the opportunity to get to know other fields of study offered at the university. You can hear and experience nationally and internationally known scientists and academics, go to concerts, sing in a choir, or take part in an excursion.

What do I need to take care of at the end of the semester / when leaving Freiburg?

Exmatrikulation

Students who do not want to continue studying at the university of Freiburg, have to apply for Exmatrikulation. The form which is required is available at the Studentensekretariat or at the Infothek. You will also find this form on the homepage at the University of Freiburg:

 www.studium.uni-freiburg.de/studium-en/exmatrikulation-en

Exmatrikulation takes place by removing students from the student register. It takes effect as of the end of the semester. A corresponding entry will be made in the study book. The Exmatrikulation entry in the study book is a pre-requisite for the student to again enrol at a German university. For this reason, we strongly recommend that students duly carry out the Exmatrikulation.

Students who do not carry out the Exmatrikulation as requested, will nevertheless be officially removed from the student register, if they do not re-register as students within the period of time stipulated by the university. In this case, no corresponding entry can be made in the study book. This entry is necessary for subsequent enrolment at a German university. You will then need to contact the university once again on account of the study book, in order to have the Exmatrikulation entry registered. This can be avoided by duly completing the Exmatrikulation when leaving the University of Freiburg.

Issuing of course certificates/Transcripts

At the end of the semester exchange students receive documents issued by the teachers. These documents verify successful participation for each class. These documents are called "Scheine", and are either graded or confirm regular attendance of a course. If your home university needs a certified transcript, this can be issued on request. Therefore, please keep in mind your **own responsibility for issuing a transcript!**

Issuing of Transcripts

Erasmus students, please contact your Erasmus-coordinator in the corresponding subject area. Participants in an international program (AYF, CYF, UMass, IES, Colgate), please see your resident director. All other exchange students ("Freiburg Global Exchange") please contact the International Office before leaving Freiburg.

How can I get a transcript?

Fill out the transcript form which can be downloaded from the homepage of International Office on your computer and print it out. Please make sure that the name of each class appears on the transcript exactly as it appears on the Schein. Make sure that lectures' names appear exactly as they are written in the course catalogue (Vorlesungsverzeichnis). This means, for example, that a German name of a seminar also has to be in German on the transcript.

🔗 www.studium.uni-freiburg.de/documents/austausch

How can I get an English translation?

If your seminar has a German name, but you need an additional English translation: In this case, you should request the professor/lecturer who provided you with the Schein to write the English name on the Schein. It is then possible for the German name, the English name or both names to appear on the transcript. It is only possible for classes to be listed on the transcript the way they are named on the Schein.

Which grading method should I use?

Grades must also appear on the transcript the way they are written on the Schein. The attached tables on the transcript document provide a conver-

sion, which can be used by your home university to convert the German grades.

What should I do if I have to wait for Schein(e) to be issued?

If you do not have a Schein(e), you can still list the class(es) on your transcript. In this case, please write "pending" in the column "Note/Grade". In most cases, it is sufficient to provide the transcript with the later arriving Schein(e) to your home university.

If you nevertheless require a complete transcript after having left Freiburg, please make sure that all missing Scheine will be sent by the faculty/institute to your home (email) address. Then email your completed transcript form together with a scanned copy of all Scheine to the International Office (transcripts@io.uni-freiburg.de) which will confirm and send back the transcript to you or your home university. Please provide an appropriate address especially in the latter case.

Other

Please make sure, when you are leaving Freiburg that you announce your departure at the Residence Registration Office, cancel your health insurance policy (and give back your health insurance card) and close your bank account.

How can I stay in contact after I've left Freiburg?

Alumni Freiburg

After completing your studies, you can keep in touch with the University of Freiburg with Alumni Freiburg. Through contact with Alumni-Clubs worldwide, Alumni Freiburg organises regional meetings with former students. The club's programme includes scholarly presentations as well jointly held visits to cultural events and opportunities to network. In addition, Alumni Freiburg regularly invites former students to international Alumni Meetings in Freiburg.
